SITE OR LOT PLAN

Use the grid below to represent your lot or lots on which your present buildings and proposed buildings are located.

The following are required:

- 1 Indicate all existing buildings, and proposed building(s) for which permit is requested. Include building size (dimensions).
- 2 Indicate distance between buildings, and distance from buildings to lot lines. (Footage should be measured to actual property lines surveyed, and not to the edge of blacktop, alleyways, etc.)
- 3 If more than one lot, divide grid to show multiple lots. State Lot Numbers and Lot Size(s).
